Tall Fescue

Oregon grown tall fescue seed is perfect for your pasture!
Start off your prized animals right with improved palatability on low maintenance, high producing pastures and they'll love you for it.

- Pastures from improved Oregon grown varieties consistently outproduce competitive types.
- Tall fescue is adapted to various climates and soil types.
- Tall fescue is a bunch-type which produces a lush, deep-rooted, erosion resistant pasture that resists trampling.
- Every grass seed bag, box or bucket bears an analysis tag. Make sure your tall fescue seed tag reads *Origin: Oregon* for your assurance of the finest pasture grass seed available.
